

A14 Cambridge to Huntingdon, Cambridgeshire: major improvements

Construction work on the new A14 Cambridge to Huntingdon scheme is underway. We are currently carrying out a variety of tasks for which we need to close lanes or carriageways on the A1, A14 and some local roads at times, usually overnight between 8pm and 6am, unless otherwise stated. Note:

As part of our work to upgrade the A14, we are in the process of widening the bridge over the guided busway near Histon. In order to progress this work, we will need to close the busway route and cycle path under the bridge for the next two weeks.

The closure will take place from midnight on Friday 21 June until 5am on Monday 8 July, with work happening during the day in order to minimise disruption for residents.

The bus route going into Cambridge (southbound) between Histon and Orchard Park East will be diverted during the closure. People travelling into Cambridge from Histon can board the diverted B service from the stop on Cambridge Road.

A signed diversion route will be in place for people using the Guided Busway maintenance track during the bridge work, which will take people via Cambridge Road (Impington), B1049/A14 roundabout, Histon Road, Kings Hedges Road and back on the Orchard Park busway path.
