• \*The conservation status of some of the species on the chart is described in the [BoCC5 report](#), which is a review of the status of all regularly occurring birds in the UK, Channel Islands and Isle of Man. The total number of bird species seen on your farm during the survey which are listed as 'red' or 'amber' status in the BoCC5 report is shown alongside all species and priority species.

• This report was created using data collected by Volunteer Monitoring of Farm Wildlife volunteers during the spring and summer of 2022.
